Education

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech CSE	Vellore Institute of Technology	7.98	2026
XII	Kendriya Vidyalaya NO 3, AFS Vadodara/ CBSE	82.4%	2021
X	Kendriya Vidyalaya, AFS Bhuj / CBSE	84.8%	2019

Personal Projects

- **VoyaAI – AI Conversational Assistant** [GitHub](#)
Tools: React.js, TailwindCSS, Node.js, Express.js, MongoDB, OpenAI API
 - Developed an interactive AI web application similar to ChatGPT, enabling users to chat with an intelligent assistant in real time.
 - Integrated OpenAI's large language model API for natural, dynamic, and context aware conversations.
 - Built secure user authentication, chat history storage, and personalized conversation management.
 - Engineered a scalable backend architecture to ensure fast responses and smooth multi user performance.
 - Designed a modern, responsive frontend interface using React.js and TailwindCSS for an engaging chat experience.
- **PriceWise – Smart Price Tracking Web App** [GitHub](#)
Tools: React.js, TailwindCSS, Node.js, Express.js, MongoDB, Web Scraping
 - Built a modern web application that tracks product prices across ecommerce sites in real time.
 - Implemented automated web scraping pipelines to fetch product details, price changes, and availability.
 - Developed dashboards for users to monitor products, set alerts, and view detailed price history.
 - Designed and optimized REST APIs for fast data retrieval and smooth user experience.
 - Created a clean, responsive UI with React.js and TailwindCSS for intuitive price monitoring.

Work Experience / Internship

- **Python Programming** [Certificate](#)
MyDailyWork | Apr 2026 – May 2026
 - Completed a 4-week virtual internship focused on Python programming fundamentals and practical project development.
 - Worked on programming tasks and problem-solving exercises using Python.
 - Gained hands-on experience in writing clean and efficient Python code.

Skills

- Programming Languages : JavaScript, SQL, Python
- Technologies : Node.js, React.js, Tailwind, REST API
- Relevant Courses : AI, ML, Deep Learning, OS, NLP, DBMS
- Tools : Git, GitHub, VSCode, MongoDB, Salesforce

Certifications

- Ethnus Salesforce Developer Certification Program [Link](#)
- SmartBridge MongoDB Full Stack Developer MERN [Link](#)

Achievements

- Solved 150+ coding problems on LeetCode focusing on Data Structures and Algorithms. [LeetCode](#)
- Participated in various hackathons and coding events.
- Consistently explored and implemented new technologies through self-learning and hands-on projects.
- Completed multiple certifications in AI, Machine Learning, NLP, Data Science, and Full-Stack Development from Hugging Face, Great Learning, and Kaggle.
